

Airborne - Take Off - CD Reviews

“With rare virtue, thought, and imagination these multi-faceted and experienced musicians of the contemporary jazz group Airborne from New Haven, CT, USA have collaborated to create their own unique personal expression and original sound in jazz music. A new diverse musical idea influenced by the past styles, forms, and rhythms of Jazz, R&B, Rock, and Latin, interwoven with today's emotion and technology. The key factor to the band's success is the excellent original compositions in their repertoire and the sensitivity and precision these professional individuals execute them in the studio.”

“Airborne’s debut “Take Off” album is a new direction in jazz, innovative and inspiring, bravo guys.”

New England Arts

“It is time to “Take Off” with Airborne’s new powerful, versatile, and complex debut contemporary jazz album. Soulful funk and jazz fusion is embedded with many intricate arrangements that are musically paralleled with perfect execution.

“Take Off” is also spotlighted with an added dimension of professionalism and originality. Airborne a band that was born and raised from the streets of New Haven CT USA is we believe to be a contemporary jazz group to watch out for in the future.

Airborne’s cool jazz sound will keep their fans hot for more. We wish them a successful career and await their next album.”

Musician

"Airborne with the release of their debut album “Take Off” have been embraced as a solid contemporary jazz band that fits into a standard industry format without forsaking its inherent strengths and character. Thus is in direct competition with others that fit into this category. Things look up for Airborne."
